

## **2012 Scholarship Program**

Marquette-Adams Telephone Cooperative, Inc. is excited to announce our 2012 scholarship program. Twelve scholarships at \$1,000 will be available.

The scholarships will be available to high school or home schooled seniors planning to attend a college university, technical school or trade school. Scholarships will also be available to students currently attending a college university, technical or trade school. Specific criteria must be met in order to be considered for a scholarship. The requirements for high school seniors are as follows:

The high school senior or home schooled senior and his/her parents, guardians or foster parents must be a full-time resident of the Marquette-Adams Telephone Cooperative Service Area and have Telephone, Long Distance, or Internet Service with Marquette-Adams Telephone Cooperative.

The requirements for current College University, technical or trade school students are as follows:

Students currently attending College University, technical or trade school may apply for a scholarship as long as they are not a previous scholarship winner from Marquette-Adams and must meet the criteria outlined above.

Scholarships must be filled out properly, typed, printed and returned by the deadline in order to be considered.

### **Scholarship deadline is March 5, 2012**

The successful recipients will receive the scholarship check made out to the College University, technical or trade school of their choice from Marquette-Adams Telephone Cooperative after completing the first semester with at least a 2.0 GPA and after registering for the second semester.
